## PRIMARY & SECONDARY CONTACTS

Primary and Secondary Contacts ("Contacts") are the garden group's designated liaisons to GreenThumb, and are the primary channels of communication between GreenThumb and the garden group. Contacts are responsible for sharing announcements and other communications from GreenThumb with the rest of the garden group, and for communicating concerns or questions of the garden group to GreenThumb. They will also receive the quarterly GreenThumb Program Guide electronically and in the mail as well as the Monthly Newsletters, and are expected to share the contents with the garden group. Only individuals who can fulfill this responsibility should serve as designated Contacts.

*At least one contact should have access to and regularly check email if at all possible, as this is GreenThumb's preferred method of communication for announcement, events, and opportunities.*
